Issues and News

Did you miss a copy?

World Health Organisation (WHO) Commission on Social Determinants of Health Report

Closing the Gaps in a Generation

Before Xmas the HPF mailed out copies of the Executive Summary from this report. It has come to our notice that some people received only the wrap around cover. If you missed out or would like more copies of the Executive Summary please email Helene at reception@hauora.co.nz and ensure that we have your correct contact details.

Workshops are planned for May to explore how to 'unpack' the report. Meetings will be held in Christchurch, New Plymouth and Whangarei see the [events section](#) for more details.

It's *More Than Talk* - Opportunity for input

Now you can share your thoughts about how government can improve engagement with community and voluntary organisations and citizens. The *It's More Than Talk* discussion paper from the Building Better Government Engagement (BBGE) reference group has been publicly available for formal consultation since before Christmas. Written submissions are due by **31 March 2009**. With online discussion you can put an idea out there for others to respond to, whereas any formal submissions will not be made public until after consultation closes. So please go to www.bangthetable.com/BBGE and have your say.

Whanau Ora Tool

This is a practical guide to developing health programmes where whanau, hapu, iwi and Māori communities play a leading role in achieving whanau ora. The tool is primarily aimed at enhancing the effectiveness of health and disability services to positively contribute towards improving Māori health outcomes. A training package is being developed with the roll out planned for July this year. Copies are easiest obtained by ringing Wickliffe Press on phone: 0800 226 440 or email: moh@wickliffe.co.nz

A Global Response to a Global Crises – Eradicate Poverty

The Halifax Initiative is a Canadian coalition of development, environment, faith-based, human rights and labour Groups. Their goal is to fundamentally transform the international financial system and its institutions,..... and by doing so they hope to achieve poverty eradication, environmental sustainability and the full realization of human rights. For more information about what they do, what they have achieved and what action we can take see their web site <http://www.halifaxinitiative.org>

Rethinking Urban Environments

In its quest to cast new light on an old public health concern, the Public Health Advisory Committee (PHAC) commissioned five ‘think-pieces’ that collectively provide fresh insight into the links between urban environments and health/wellbeing in contemporary Aotearoa/New Zealand. These commentaries were intended to be provocative and encourage the reader to think ‘outside the square’ through building on scientific evidence. It is the hope of PHAC that this material will provide a springboard for discussion, critical reflection and further research. <http://www.phac.health.govt.nz>

Rural Bulletin

Rural Bulletin was designed and developed in partnership with rural community groups who identified a specific information gap and sought unencumbered (not agenda-driven), topical and timely information. The Bulletin’s aim is to build rural community capacity and social capital by providing people with an opportunity for informed decision making when issues and proposed changes affect them. Published by Rural Women New Zealand the March edition reads like a list of social determinants of health. It includes education, health and welfare, environment, crime, economy, Treaty matters, fishing, community, parliament, housing and more.
